

2015 ANNUAL REPORT

About Us

Mission

Pitch In For Baseball (PIFB) is a registered 501 (c)(3) not for profit organization that provides new and gently used baseball and softball equipment to boys and girls in the United States and around the world who want to play ball but lack the equipment to do so. PIFB helps to reduce barriers to play by providing equipment grants directly to leagues, schools, teams, and organizations to start, continue, and/or expand their youth baseball programs.

Core Programs

- Domestic and International Equipment Grants—PIFB equipment grants are designed to help leagues, teams, and community organizations around the globe get the proper equipment to play baseball and softball. Grantees complete required annual reporting detailing the impact of our donation. PIFB averages 200 projects each year.
- School-Based Program—Launched in 2008, PIFB's school based program and partnerships continue to grow each year. Our School-Based Program helps schools/districts stretch limited budgets, reduce participation fees, and shift funds to other areas such as transportation. Currently, PIFB has five formal School-Based Programs:
 - ⇒ Bronx: In February 2016, in partnership with the New York Yankees, PIFB helped five softball and five baseball teams amidst budget cutbacks.
 - ⇒ Chicago: our newest School-Based Program will launch in April 2016. With support from Wilson Sporting Goods, PIFB will help 24 baseball and softball teams expand their programs.
 - ⇒ Detroit: Slated to launch in March 2016, PIFB is partnering with Detroit Public Schools to provide new gear to 10 baseball teams.
 - ⇒ Philadelphia: PIFB has been working with the School District of Philadelphia since 2008. The program has grown from just 6 teams to 60+, helping 1,200 students get on the field in 2015.
 - ⇒ Minneapolis/St. Paul: With support from the Twins and the Baseball Tomorrow Fund, we expanded to Minneapolis and St. Paul in 2015. In its inaugural year, PIFB equipped 21 baseball/softball programs, helping 500 kids get on the field.
- Disaster Relief Programs—In times of tragedy, children are the most affected. Baseball can help to restore a sense of normalcy amidst the chaos. PIFB has helped to rebuild entire leagues and thousands of kids to start their season on time. PIFB has assisted with relief efforts in NY/NJ shoreline following Hurricane Sandy; Joplin, MO; the Gulf Coast region; and Japan.
- Kids Helping Kids: Youth Philanthropy— Whether for school service learning, Bar/Bat Mitzvahs, Eagle Scouts, or for fun, nearly 200 kids choose PIFB each year as their charitable partner. About 75% of the equipment PIFB gives away each year comes from the efforts of motivated, caring kids who run collections and fundraise on PIFB's behalf.

Nine-year old twins, Wilfredo and Eddy have had their fair share of heartache. Shortly after moving to Ecuador with their dad, he was diagnosed with cancer and went to the United States for treatment. The boys had to return to Honduras. A year later, Wilfredo and Eddy joined their dad back in Ecuador. Tragically, his health declined and he passed away two months later. The boys were devastated and subsequently lost interest in the game they would play with their dad, soccer. Desperate, their mom signed them up for baseball. Baseball has revived them, changing their lives for the better.

Dear Friends:

Over the past decade, we have been able to make an impact on the lives of more than a half a million kids all around world in more than 80 different countries world-wide. In 2015 alone, we helped more than 45,000 kids get on the field, a 30% increase over 2014.

As we grow and the demand for our programs/services increases, we have been diligently working to better measure our impact. In this day and age, it's not enough for us to say "trust us, we know what we are doing matters". We need to be able to demonstrate it. We need to be able share with our donors and supporters the difference you are helping to make.

In this report, you'll read about the results of our School-Based programs and how our support is helping kids succeed in school. You will also read about kids like Leonardo and Ronaee. These anecdotes complement our data, demonstrating the intangible impact, about how kids are more engaged at school and more optimistic about their future as a result of playing baseball or softball.

Sharing the impact helps to reinforce the importance of your support. While we think giving kids access to the game and a chance to just "be kids" has value in its own right, knowing that there is a deeper impact should give everyone connected to Pitch In For Baseball a tremendous sense of pride.

On the other side of the coin, we also share a sampling of our unique partnerships as well as volunteers who raise money and collect gear to support our mission. None of this would be possible were it not for the commitment and passion of our volunteers, donors, and partners.

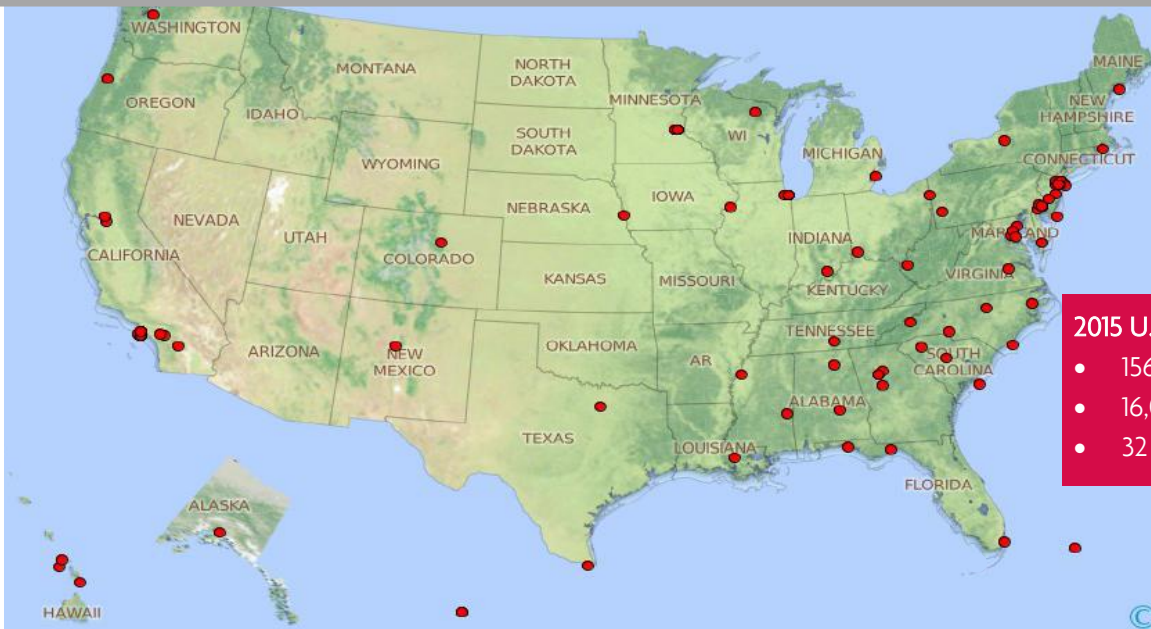

Stay connected with us through our Facebook and Twitter posts and you we see more stories of how we are helping to build a brighter future for kids through baseball and softball.

Thank you always for your support and helping to make such a difference in the lives of so many children.

Sincerely,

David Rhode
Executive Director

In 2015 Pitch In For Baseball was able to partner with Minnesota Twins' catcher Kurt Suzuki and his wife Renee. This joint project was able to provide kids in three rural communities in Hawaii—Lanai, Molakai, and Maui- the gear needed to start baseball programs. Each community received equipment for a middle school, high school and two tee ball programs, helping to launch their first baseball programs.

Program Highlights

Philippines Little League

In early spring 2015, PIFB sent a 20 foot container by sea to the Philippines as part of Little League's 75th Anniversary celebrations. With a scarcity of equipment, the local Little League volunteers in the Philippines use their resourcefulness to ensure that children can have any baseball or softball experience. Gloves are made of a flip flop attached to a piece of cardboard (pictured), balls constructed of a sock wrapped in tape, broom handles for bats. PIFB was able to give many of their 10,000 kids the opportunity to play with official baseball gear for the first time.

Los Angeles Dodgers Foundation RBI Program

PIFB and Los Angeles Dodgers RBI seeks to promote greater inclusion of under-resourced youth, increase participation and interest in baseball and softball, encourage academic participation and achievement, stress healthy habits and wellness and focus on fun, teamwork and fair play. Last year, the program served 2,700 youth and this season more than 4,000 youngsters will participate. PIFB is the official equipment partner of the Dodgers Foundation RBI program.

School-Based Program Philadelphia & Minnesota

Since our partnership with the **School District of Philadelphia** began in 2008, the program has grown to include 60+ teams, helping 1,200 students get on the field. In 2015, 65% of participants performed better academically and 71% improved attendance during the season. Thank you to **Springfield Rotary** for your support!

Thanks to the **Twins** and **Baseball Tomorrow Fund**, we expanded to Minneapolis and St. Paul in 2015. In its inaugural year, PIFB equipped 21 baseball/softball programs. 59% of participants improved attendance and 42% of participants improved grades. The 2016 program has more than doubled, helping 1,000 kids play ball.

Ened Foundation: Dominican Republic

Located in Boca Chica, at the East of Santo Domingo in Dominican Republic, Casa ENED helps young boys get off the street, providing a healthy environment to ensure their well-being present and future. The Ened Foundation offers educational programming, including literacy programs and programs to prepare them for the workforce, in an effort to help these kids stay off the streets and optimistic about the future. With PIFB's support, Ened Foundation was able to offer baseball to their regular programming.

Orphaned at 13 after losing both parents, Leonardo, his brother and two sisters struggled to survive in the Dominican Republic. Leonardo often wandered the streets alone. When the ENED Foundation found him, he had severe anemia from extreme malnutrition. While recovering, Leonardo would watch kids playing baseball. Pitch In For Baseball was able to give Leonardo the proper gear he needed to play baseball and he has flourished. He is a team leader and is eager to learn more about pitching, his favorite position. Now, Leonardo spends his time playing catch instead of getting into trouble.

In Pakistan, it has been difficult for baseball to grow in due to the overwhelming interest in cricket and financial limitations. After over nearly a decade of attempts, PIFB and the Pakistan Federation of Baseball were able to outfit 8 teams with all they gear they needed to play ball. In Pakistan, baseball has served as a vehicle for cultural exchange, tolerance, and youth development.

PIFB fulfills 100% of equipment grant requests for projects that grow youth baseball and softball in under-resourced communities around the world.

Monetary donations help us to expand our global reach and ensure that the kids who need assistance the most can still play ball.

Highlight Reel: Partnerships

Mattingly Charities: RBI program in Evansville, Indiana

In 2015, Mattingly Charities and PIFB teamed up where PIFB will serve as a charitable partner for Board recommended projects. In addition, PIFB will provide the equipment to launch an RBI program in Don Mattingly's hometown of Evansville, Indiana. Both organizations will work together to identify joint future projects as well. This partnership will help even more kids get on the field.

The Los Angeles Dodgers chose PIFB as their official equipment partner for their RBI program. The Dodgers strive to impact 6,000 kids in LA by the end of 2016. Their 2015 efforts with the help of PIFB's equipment helped them to get half way to their goal! Additionally, longtime Phillie and current Dodger, Jimmy Rollins, made a PSA promoting PIFB.

Los Angeles Dodgers: Equipment partner for RBI program

New York Yankees: \$150,000 donation and school based program

June 19th, 2015 New York Yankee Alex Rodriguez 3,000th hit, a homerun caught by PIFB supporter and homerun catching enthusiast, Zack Hample. In exchange for Rodriguez's ball, the Yankees donated \$150,000 to PIFB during a press conference held on July 3rd. In 2016, PIFB will be working with the Yankees to bring our school based programs to Bronx school districts to impact that community and get more kids playing ball.

In the summer of 2015, PIFB partnered with Dart Warehouse and The Rod Dedeaux Foundation in Los Angeles, California to open PIFB's second overall location, and first location on the west coast. PIFB receives donations and sends equipment from all over the country. In turn, the west coast location will allow PIFB to have a great impact by decreasing shipping costs for many people, teams, and leagues and giving PIFB more warehouse space.

CLARK Securities held an equipment drive at all 12 of their locations across the United States. CLARK hosted picnics at each location for employees and customers, asking for a donation as the price of admission. In total, CLARK collected over 1,000 baseballs, 150 bats, 200 gloves, 61 helmets, 40 equipment bags, along with much more gear.

Donations of equipment help to keep our costs low and enable us to support more leagues/teams each year. The equipment we need the most are: gloves (12"+), baseballs, softballs, and BBCOR bats.

***We apologize for any errors or omissions**

Tyler, 13 years old, chose Pitch In For Baseball for his Mitzvah project because of his love of baseball and his desire to help other kids have an opportunity to play. A pitcher, Tyler appealed to his friends and family to make a pledge for each hit and strikeout during the season. His performance tied fundraiser raised more than \$2,500 for PIFB.

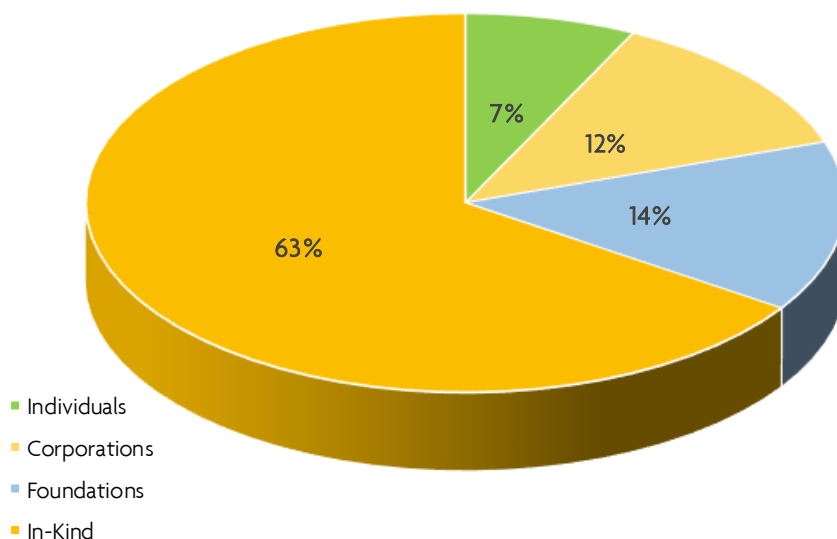

Fun Fact: In 2015, PIFB received an estimated \$700,000 worth of equipment donations... Our biggest year yet!

A big PIFB thanks to all of our supporters! We could not do this without you!

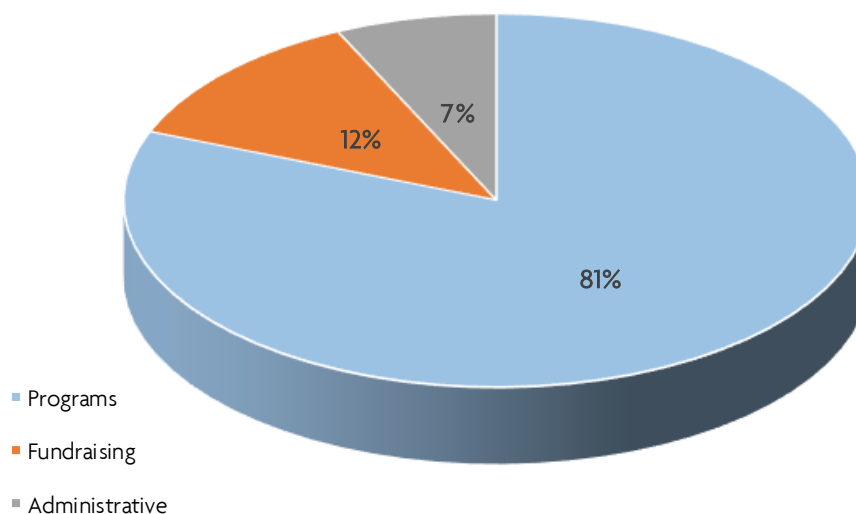

2015 Financials

(fpr fiscal year ending 12/31/15)

2015 Total Revenue/Assets: \$1,425,295

2015 Expenses: \$516,558

When Shaquana joined the Lost Boyz program in Chicago, she was getting into fights regularly, had lots of office referrals at school and challenged authority. When the Lost Boyz started a fastpitch softball team to reach more girls, Shaquana wanted to play but financial restrictions made it difficult. She was able to play and softball has helped her turn it around. She was the MVP, team captain, and a power hitter on the team this year. She has a positive attitude, a B average in school, and is

The Pitch In For Baseball Team

David Rhode

Executive Director

drhode@pifb.org

An avid sports fan and father of three, David created Pitch In For Baseball in 2005 as a way to bring the joy of baseball to all kids. Before David founded Pitch In For Baseball, he ran his own business for 12 years. He also has Marketing Management experience with Procter & Gamble and HJ Heinz. David holds a BS in Marketing from Georgetown University and his Masters in Business Administration from the Wharton School.

Meredith Kim

Director of Development

meredithk@pifb.org

An former little leaguer and varsity softball player throughout high school, Meredith fully embraces the impact of sports on youth development. With a B.A. in English from Dickinson College, she brings her 15+ years of progressive fundraising experience and skills to diversify and grow PIFB's funding base in addition helping the organization to measure and communicate impact more effectively. Meredith also oversees partnership development, fundraising efforts, and special events.

Steve Bizon

Director of Operations & Programs

steveb@pifb.org

A lifelong sports fan with dreams of having a job in the sports industry, Steve joined the PIFB team in May 2013 as an Operations intern. After graduating Summa Cum Laude from Gwynedd-Mercy University with a degree in Sport Management, Steve remained with PIFB full time. He is responsible for all equipment grant requests as well as equipment donations.

Bri Kuhn

Development and Communications Manager

briannak@pifb.org

As a collegiate softball player, Sport Management major, and overall sports enthusiast, Bri brings a unique perspective to the PIFB team. In addition to playing softball during her time at Alvernia University, Bri also served as the President of Sport Management Association and received the university's Excellence in Sport Management award. Bri has played softball since age 8 and is looking forward to helping to expand PIFB's softball outreach.
