

2021 ANNUAL REPORT

PITCH IN FOR BASEBALL & SOFTBALL

LET YOUR EQUIPMENT PLAY EXTRA INNINGS

OUR TEAM

A Note from our Board President, Terry Smith:

Two of my greatest passions are baseball and making a positive difference in people's lives. That's why I was delighted to learn that Pitch In for Baseball & Softball has now helped over one million boys and girls play ball around the globe. Participating in youth sports gives many boys and girls their first opportunity to learn the importance of teamwork, collaboration and responsibility. Many of us have fond memories of a teacher or coach who mentored us and served as a role model during our youth. Thank goodness they were there for us, and now through Pitch In for Baseball & Softball, we're able to connect today's youngsters with mentors who can be a positive influence in their lives. And hey, playing ball is just plain fun! Congratulations to everyone who has helped make this milestone possible. Now, let's use the momentum from this great achievement to help even more boys and girls develop a lifelong love of sports, and more importantly, to put them on the path to success. In 2021, thanks to the generosity of our volunteers, donors, and the many MLB teams that support us, we made dreams a reality for so many children. I'm honored to be part of this impactful organization and look forward to all we will achieve together in 2022.

Sincerely,

Terry Smith

A WORD FROM THE CEO

Dear Pitch In For Baseball & Softball Family,

Since 2005, Pitch In For Baseball & Softball has had the great privilege and honor of working with thousands of volunteers, fans, coaches, donors, and partners to get equipment into the hands of kids and communities that need it most. Together, we have gotten equipment to more than 110 different countries around the world and every state in the U.S. You all have been with us for every step of the journey and we are so grateful for the loyal support.

As we kick off our 17th year, I am excited to share with you that we have reached a tremendous milestone...With your help, Pitch In For Baseball & Softball has helped one million boys and girls around the world play ball!

As you'll find throughout the pages that follow, our impact runs much deeper than just the equipment. In providing the equipment, Pitch In For Baseball & Softball is helping to make the game more accessible and give children the opportunity to benefit from the positive experiences and life lessons this great game has to offer. It's when playing tee ball helps a young girl cope with the loss of her father. When baseball motivates a student to succeed academically and opens the door for a college scholarship. When playing ball gives a young woman the confidence to develop leadership skills and belief in her abilities. Or when a child gets their first introduction to philanthropy by collecting gear and raising funds to help another child play this wonderful game. This is the magic and beauty in what we do, and it's a game-changer in the lives of countless children around the world.

Our work, however, is far from done. The COVID-19 pandemic gears up to enter its third year, and along with that there are new and emerging challenges that will impact participation. The widespread supply chain issues have greatly impacted the availability of baseball and softball gear, particularly gloves, helmets, and catchers gear. Last year we saw a large influx of equipment grant requests as leagues struggled to meet the needs of their families. We more than doubled our average number of projects, completing more than 1200 last year.

To address the growing needs and to focus our limited resources, our team of staff and Board of Directors developed a three-year Strategic Plan which will run through 2025, which I am pleased to share:

Objective #1: Obtain maximum volume of equipment to provide to the most in-need youth organizations in the US and abroad.

This includes expanding our partnerships with industry leaders and manufacturers, supporting youth service projects, and securing national and regional equipment collection partners.

Objective #2: Diversify revenue model to increase general operating budget. Diversifying revenue will enable Pitch In For Baseball & Softball to be more proactive and more strategic in directing resources to specific regions and communities. Within this objective, PIFBS will strengthen and expand partnerships and sponsors as well as launch and support innovative fundraising efforts.

Objective #3: To contribute to positive youth development by eliminating equipment as the barrier to play. PIFBS knows we change kids' lives through this amazing game and we want to do more to measure that impact to share with our donors and supporters. PIFBS will continue to refine our reporting processes, enhance communications that emphasize the benefits of sport on youth development, and increase volunteer and intern opportunities.

Objective #4: To improve overall brand presence to a) strengthen public perception and b) increase brand awareness. PIFBS will focus on increasing social media engagement and presence, developing a cohesive and consistent brand strategy, and strengthening relationships with grantees to better understand impact.

You can read the entire Strategic Plan by going to About PIFBS on our website.

On behalf of the entire PIFBS team, I want to thank you for your continued support, and I hope you will stay with us in our mission to eliminate equipment as a barrier to play. Thank you for making a difference in the lives of a million kids across the globe.

Sincerely,

A handwritten signature in black ink, appearing to read "Meredith Kim".

Meredith Kim, CEO

ABOUT US

OUR PURPOSE

Youth sports help kids build character, leadership skills, confidence, and resiliency, but families in under-resourced areas can not always afford the equipment needed for their children to play baseball and softball. Our mission is to eliminate barriers by providing baseball and softball equipment directly to leagues, schools, and organizations around the world who are most in need. We work to provide access to the game so that any child, regardless of economic background, can benefit from the lessons and opportunities that the game provides.

OUR REACH

Over the past 16 years, PIFBS has helped **1 million kids** across every state in the U.S. and 112 countries, completing approximately 600 projects annually across the globe.

“THE PROGRAM ITSELF SAW AN INCREASE IN MORALE. THE PARTICIPANTS WERE ABLE TO ENJOY THE GAME MORE WITHOUT WORRY OF WORN DOWN, DAMAGED, OR IMPROPERLY SIZED EQUIPMENT. AS THE PROGRAM DIRECTOR AND LONG TIME PROGRAM COACH, IT WAS OVERWHELMING TO SEE THE JOY THIS DONATION BROUGHT TO OUR PARTICIPANTS.”

-Shelby Hunter, Director, North Little Rock Police Athletic League

OUR PROGRAMS

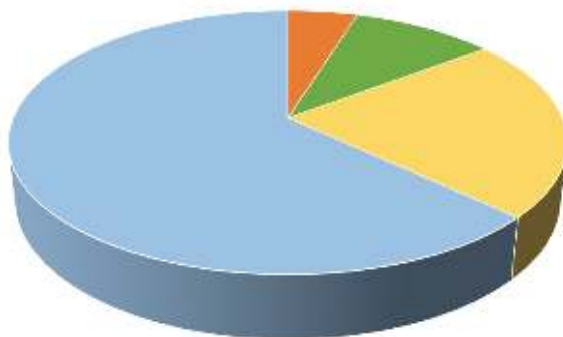

- **Domestic and International Equipment Grants**—These grants are designed to help leagues, teams, and community organizations around the globe get the proper equipment to play baseball and softball. Grantees complete required reporting which details the impact of the donation. Our strategic partnerships help us reach the most under-resourced communities around the world.
- **School-Based Program**—Launched in 2008, our School-Based Program helps schools/districts stretch limited budgets, reduce participation fees, and shift funds to other areas such as transportation. PIFBS offers School-Based Programs in Philadelphia, Northern Kentucky, Minneapolis/St. Paul, and Chicago.
- **Disaster Relief Program**—In times of tragedy, baseball and softball can help restore a sense of normalcy for children amidst the chaos. PIFBS has helped rebuild entire leagues so that thousands of kids can start their seasons on time. PIFBS has assisted with relief efforts on the New York/New Jersey shoreline following Hurricane Sandy; Joplin, MO; the Gulf Coast region; Japan; Houston; Puerto Rico; and more.
- **Youth Service Learning**—Whether for school service learning, Bar/Bat Mitzvahs, Eagle Scouts, or for fun, nearly 200 kids choose PIFBS each year as their charitable partner. About 60% of the equipment PIFBS has available to distribute comes from the efforts of motivated, caring kids who run collections and fundraise on PIFBS' behalf.
- **Targeted Programs**— PIFBS works with partners to identify communities of interest and scope of project. PIFBS manages all components from program development to measuring impact based on partners' charitable interests. Some current partners include MLB, Little League, the MLB/MLB-PA Youth Development Foundation, and Wilson Sporting Goods.

2021 BY THE NUMBERS

1,222 PROJECTS	104,325 KIDS SERVED	111,416 PIECES OF EQUIPMENT

DOMESTIC PROJECTS

ST. BERNARD-ELMWOOD PLACE HS SOFTBALL

St. Bernard, OH

Claire (second from right) was born deaf and has cochlear implants. She decided to play softball for the first time, and was able to use one of the mitts that St. Bernard-Elmwood Place High School received in a grant from PIFBS. Claire really came out of her shell, and was even featured on a local radio show as part of a segment on inspirational athletes! Claire had to remove her implants on offense and had to be extremely aware of everything going on since she couldn't hear anything while at bat or on the bases. Claire will now be heading to St. Mary's College in North Bend, IN on the presidential scholarship!

THE WESTWOOD HOYAS

Southgate, MI

The Westwood Hoyas team now serves its entire school district. Tomas was a sophomore at Robichaud High School and is a ward of the state. With only two years of actual playing experience, Tomas hit .329 and led the team in four offensive categories! Equipment donated to the team helped him in being selected to perform in a local showcase with some of the best players in the Midwest. Tomas is now one of the top players in Western Wayne County, taking All-Area & All-District honors. The donation has also had an immediate impact on the neighborhood—not only are more kids involved in the sport, but more spectators are also coming to the games for entertainment, bringing the community together.

CONNEAUT LAKE AREA LITTLE LEAGUE

Conneaut Lake, PA

"I've never seen a group of girls come together more than this team did during our little league season. We have one girl who had never even touched a softball before this year. This girl is ten years old and could hardly swing a bat when we started. Through the donations from Pitch In For Baseball & Softball, we were able to get her the equipment she needed to participate this season. Her teammates did the rest. They encouraged her CONSTANTLY and urged her to get better and better with each game. I cannot stress how much this girl's talents and abilities have grown this year. I am so proud to coach this team this season."

- Juliet Martsoff, Head Coach/Treasurer

INTERNATIONAL PROJECTS

PANAMA RBI

Panama City, Panama

"We want to thank PIFBS and MLB RBI for the donation. Without their support, we would have not been able to start RBI Panama. The pandemic hit Panama's economy really hard and the equipment donation helped us with the operating cost. Because of the equipment donation, we were able to register a lot of new players and returning players so that they could participate in the RBI Panama Program."

- Former MLB pitcher Bruce Chen, now the Director of RBI Panama

LITTLE LEAGUE CHILE

Las Condes, Chile

An international grant to Little League Chile impacted more than 600 boys and girls as the organization began to form teams and play friendly matches for players in the tee ball, minor league, and major league age groups. The municipality of Lo Prado has even agreed to lend the league a venue for an official tournament, and many of the children now have the opportunity to let their natural talents shine through on the diamond. Participating in baseball has helped the Chilean and Venezuelan migrant communities to unite and share on the playing field.

BELIZE CITY SOFTBALL ASSOCIATION

Belize City, Belize

16-year-old Delbert now plays and practices both baseball and softball every chance he gets. "When I'm down and I step foot on that field all of my stress is gone," he said. As a lefty, Delbert pitches and plays first base. His dream is to be a professional baseball player, but his dedication and love for the game extends even further. "I want to be a role model for the younger generation here in Belize," he says. Delbert was thrilled to receive a first baseman's mitt in PIFBS latest donation to Belize City Softball through Philadelphia Adult League Softball (PALS). Delbert's commitment to being a role model is already clear, as he also volunteered to run youth clinics with PALS in August, helping 49 kids learn fundamentals.

TARGETED PROGRAMS

LITTLE LEAGUE AND DICKS SPORTING GOODS

The COVID-19 pandemic increased the burden on families to supply equipment for their children to play ball, as sharing equipment was no longer an option in order to minimize virus spread. Little League wanted to help families by ensuring that kids had what they need to get back on the field. They teamed up with The Dicks Sporting Goods Foundation on the Sports Matter Equipment Grant Program, a large scale equipment grant administered and executed by PIFBS to help leagues all over the country return to play safely. In early 2021, we shipped out 3,560 kits to 366 Little Leagues across the country. The leagues distributed those kits to kids most in need of gear to help provide support to families.

MATSUI55 FOUNDATION

The Matsui 55 Baseball Foundation, a nonprofit founded by former New York Yankees All-Star Hideki Matsui, partnered with Pitch In For Baseball & Softball for the third consecutive year. The program provided equipment for two leagues in 2021: Fort Lee Little League in Fort Lee, NJ, and Snug Harbor Little League in Staten Island, NY. The program helped 200 children in 2021, providing 190 pieces of equipment across 15 teams, and has supported more than 850 children over the past two years.

MINNESOTA TWINS

Southwest High School

PIFBS has partnered with the Minnesota Twins since the 2015 launch of the Minneapolis/St. Paul School-Based program. At Southwest High School, 40% of the school population is on free or reduced lunch. The donations they receive from this program give kids the chance to participate who otherwise wouldn't be able to play, and new gear allows them to stay competitive with wealthier schools in the area. In fact, this year the baseball team became city champions and went 19-4, while claiming Academic All State with a GPA over 3.75!

"Putting new equipment on our kids makes them proud and work hard. Thank you so much for your generosity - our kids need it!"

- Robert Hollway, Athletic Director

TARGETED PROGRAMS

MLB RBI

Boys & Girls Club of Manatee County

PIFBS serves as one of the equipment partners to Major League Baseball's RBI (Reviving Baseball in Inner Cities) program, and is also an Official Service Partner of the MLB-MLBPA Youth Development Foundation. Leilani is normally quiet and observant, but since participating in the Jr RBI summer league at Boys & Girls Club of Manatee County, a competitive side to her surfaced. She felt equally comfortable competing against girls and boys, and thrived at proving she was the fastest. Her leadership skills emerged, and her drive and commitment led her to participate in the All-Star game held at the Pittsburgh Pirates / Bradenton Marauders Lecom Park. Leilani's performance was so exceptional she was awarded East MVP All-Star player of the game!

NEW YORK METS

The Amazin' Mets Foundation turns to Pitch In For Baseball & Softball to help support youth baseball and softball teams across all of New York Mets territory. In 2021, the Mets' Triple-A affiliate, the Syracuse Mets, held a packing event and equipment distribution to help 10 youth baseball and softball programs in the Syracuse area. The annual Sandlot Stars event at the Mets' Citi Field supported 70 teams across the five boroughs of New York City as well as New Jersey. In total, the projects supported by this partnership over the years have benefitted more than 11,000 children.

"IT BRINGS THE COMMUNITY TOGETHER, BUT IT ALSO TEACHES THOSE KIDS WHO PLAY THE GAME REALLY CRITICAL LIFE SKILLS THAT THEY CAN CARRY WITH THEM FOREVER."

-Minnesota Twins President Dave St. Peter

TARGETED PROGRAMS

PHILADELPHIA SCHOOL-BASED PROGRAM

Sankofa Freedom Academy

With the cancellation of the 2020 season due to COVID-19, grantees of the 2020 Philadelphia School-Based Program were able to use their new gear when play resumed in 2021. Sports are an everyday event for the Darlington family and they are constantly active. Shalei runs track and plays basketball in addition to softball. This past season she had softball taken away when she and her family contracted Covid-19. Her team really struggled without her, as Shalei is their starting pitcher and leadoff batter. They lost every game in her absence. When she recovered and returned to play, Shalei really felt a renewed energy and purpose upon reuniting with her teammates on the field.

PIFBS SPECIAL PROJECT: CHICKASAW HIGH SCHOOL

Pitch In For Baseball & Softball began a five-year commitment to provide equipment and other support to the school's new baseball program in Chickasaw, Alabama. Limited resources paired with low academic status and high teacher turnover had led to a lack of pride and excitement in regard to both the city and the school. One freshman student who is known for his constant energy was one of the first to sign up. When the new gear arrived, he was wide-eyed unwrapping the gloves, bats, and baseballs. His coach witnessed him latch on to his responsibility with the team and grow in the area of leadership, putting in effort to recruit others players. He was always on time and willing to set up or tear down, leads by example, and has grown in his respect for the adults around him.

REDS COMMUNITY FUND & ST. ELIZABETH HEALTHCARE

Holmes High School

Two players, Julian and Jacob, have benefited greatly from the resources provided by the Northern Kentucky School-Based program, funded by the Reds Community Fund and St. Elizabeth Healthcare. Both young men have had to face hardships through unsettling family circumstances, and through their dedication to playing baseball they both have earned scholarships to Kentucky Christian University. The program has helped motivate them to work hard on and off the field, and now both have the opportunity to advance their education thanks to the game of baseball.

TARGETED PROGRAMS

TULL FAMILY FOUNDATION

Deer Lakes Youth Baseball Association

Henley found joy and confidence through playing tee ball after the loss of her father. She was reserved and shy as she struggled with grief, but the difference in her after making friends at Deer Lakes was amazing. She added a heart to her jersey for her dad and played for him each and every game. By the end of the season, Henley was happy and confident when she collected her trophy, and was the very first player signed up to play in the fall.

WILSON SPORTING GOODS / CHICAGO SCHOOL-BASED PROGRAM

Steinmetz College Prep Baseball

Sierra was the starting catcher on the baseball team at Steinmetz College Prep, which received a grant funded by Wilson Sporting Goods through the Chicago School-Based Program. Sierra also played a flawless centerfield and was a backup at shortstop and third base. She carries a 5.0 GPA and has over 70 college offers for softball. With her success on the field and in the classroom, Sierra is poised to be a starter for a top-10 college program in the future.

Other Targeted Programs in 2021:

Dodgers RBI
Junior Giants

MLB-MLBPA Youth Development Foundation
Reds Community Fund Equipment Grant Program

"THESE STUDENTS HAVE EMBRACED THIS CULTURE THAT THEY ARE UNWORTHY, UNABLE, AND UNDER-APPRECIATED. THE ADVENT OF A BASEBALL PROGRAM IS ONE OF MANY STEPS BY OUR SCHOOL SYSTEM TO REWRITE THIS NARRATIVE IN THE EYES OF OUR STUDENTS AND CITY."

- AJ Nipper, Head Coach, Chickasaw High School

PRO PLAYERS

Natasha Watley

Logan O'Hoppe

Mauricio Dubon

ALESHIA OCASIO

Professional softball player Aleshia Ocasio helped generate softball donations for PIFBS in early 2021 by carrying out a social media campaign on Instagram. Aleshia's outreach helped facilitate donations of hundreds of dollars worth of softball gear plus monetary contributions to help under-resourced communities develop their softball programs. Ocasio is an advocate for voting rights and social justice, and works to raise awareness of inequality on and off the field. A former standout at the University of Florida, Ocasio has pitched professionally for the USSSA Pride, Chicago Bandits, and Athletes Unlimited.

DEE STRANGE-GORDON

The former National League batting champion partnered with PIFBS, Wilson Sporting Goods, SafeSpace, and the Jackie Robinson Training Complex for a drive-through equipment event and clinic in January. This program provided baseball gear to 115 children, including a socially-distanced clinic for 20 kids from Vero Beach RBI and domestic violence shelter SafeSpace. Strange-Gordon handed out packs of gear provided by PIFBS and Wilson, and interacted with the children. The drive-through was followed by an hour-long clinic, where Strange-Gordon taught basic baseball skills through soft toss and various stations, and spent one-on-one time working with the participants.

HUNTER PENCE

Former MLB All-Star Hunter Pence and wife Alexis chose Pitch In For Baseball & Softball as the beneficiary of a collaboration between their company, Pineapple Labs, and off-field baseball apparel brand Baseballism in May. Pineapple Labs is a coffee, mugs, and stationary company inspired and designed by Alexis and Hunter Pence. The special bundle featured "Rise + Grind" coffee and mug set and an exclusive Baseballism snapback, with 100% of the proceeds donated to Pitch In For Baseball & Softball to give more children the chance to get on the field.

SERVICE PROJECTS

LOGAN M. *New York*

Logan ran an equipment collection in New York for four months in 2021. He wants every kid to have the opportunity to play sports and to have the equipment they need to be able to play ball. "I hope every kid gets to feel the excitement of making a great play or crushing the ball to the outfield to help your team win a game...I know when they get the chance to play they will love it as much as I do."

MADDIE P. *Connecticut*

Maddie completed a huge collection project for the second year in a row. After a very successful collection in 2020, she carried out another community service project on behalf of PIFBS in 2021 and wants to continue donating to give other kids the chance to enjoy the sport that she loves!

"IN SOFTBALL, IF YOU FAIL SEVEN OUT OF 10 TIMES, YOU HAD A VERY SUCCESSFUL PERFORMANCE. BEING ABLE TO LEARN AND GROW AFTER YOUR FAILURES IS WHAT MAKES YOU AN EVEN BETTER PLAYER BOTH ON AND OFF THE FIELD. SOFTBALL HAS ALSO TAUGHT ME THE IMPORTANCE OF TEAMWORK AND COMMUNICATING WITH OTHERS SO THAT YOUR TEAM CAN PERFORM BETTER TOGETHER." - Katie M, Donor
