

20TH ANNIVERSARY GALA

Saturday, November 8, 2025

Rankin Club

Citizens Bank Park

Sponsorship Opportunities

IMPACT of Your Support

"Every day in my job, I hear from struggling parents and families who are in need of help. I can't imagine being in those positions and having kids who want to play sports, only to have to let them down by telling them they can't afford it. **Your program helps alleviate some of the financial stress by providing basic equipment necessary to play the game. It has a significant impact on those who say they can't afford a glove,** which is necessary to play softball. You are changing the game for many kids. **In a society where so much is going wrong, softball and baseball can make a positive impact or change in a child's life... It could change their lives for the better.** Thank you for all that you are doing for our children."

~ **Tanya Tompkins**, Coach and Board member, Williamsport Area Little League

About Pitch In For Baseball & Softball

Pitch In For Baseball & Softball is a nonprofit organization that removes equipment as a barrier to participation. Our mission is to give the gift of play and contribute to positive youth development by providing equipment to under-resourced and overlooked children around the world. Over the past 20 years, PIFBS has helped over 2 million children play ball in all 50 states and 119 countries around the world.
